Università del Caffè - illycaffè

Established in 1999, with branches in Trieste and all over the world, the Università del Caffè is a centre of excellence open to entrepreneurs in the coffee sector, professionals in the hospitality industry and all coffee lovers. The training and discovery courses promoted by the Università del Caffè have been designed to contribute to developing and continuously improving the coffee production process, safeguarding the people operating in the sector and of coffee drinkers in general, and ensuring the environmental protection of the entire production chain, from the far-away tropical cultivation fields all the way to our cities.
